OBJECTIVE

I am seeking an opportunity to become successful in the field of information technology by channeling my technical knowledge and skills to ensure personal growth and contribute to the prosperity of the organization.

TECHNICAL SKILLS

Programming Languages: JavaScript, java

Web Development: HTML, CSS, React.js, Node.js, Express.js, Tailwind css

Databases: MongoDB, SQL

Development Tools & Platforms: Git, Visual Studio Code, Github, Postman

PROJECTS

E-Shop [Github](#)

- Developed a full-stack e-commerce platform using React.js for the front-end and Node.js/Express for the back-end.
- Integrated MongoDB for dynamic data storage and implemented secure user authentication with JWT tokens.
- Built RESTful APIs to manage product data, orders, and inventory. Developed a responsive UI with React, incorporating features like search filters, categories, and a shopping cart.
- Integrated secure payment gateways PayPal and utilized Redux for state management.
- Optimized performance with React's lazy loading and code splitting, and ensured real-time updates on stock.

YouTube Clone [GitHub](#)

- Developed an immersive YouTube clone using ReactJS and YouTube Data API.
- Implemented features like video search, playback, user authentication, channel pages, and comments.
- Utilized react-player for seamless video playback and YouTube's v3 API for real-time content fetching. Demonstrates proficiency in React, state management, API integration, and responsive design.

EDUCATION

Bachelor of Computer Applications (BCA)

June 2021 - May 2024

VNSGU University - Surat, Gujarat

CGPA : 6.41

Gujarat Secondary and Higher Secondary Education Board

June 2017 - April 2019

Shree B.N. Virani High School

HSC : 76.62%

SSC : 85.54%

Certification

MERN Stack Training

June 2024 - Nov 2024

Jspider institute, Bangalore
